PERSONAL AND CONFIDENTIAL

SUBJECT: KARL A. ALBERGA

Dear Ben:

We really appreciate the information which you previously sent concerning the above named individual. We have most of the material that we need in order to refuse registration in the future.

We would like to have a statement from parents, leaders, or someone substantiating what happened. You indicated that he had been in his apartment with a 14 year old, and that they were involved in some sexual play.

Could you not have someone give you some information in writing that would be adequate for our files? This would enable us to then close this case.

Thanks for your help.

Sincerely,

Paul Ernst, Director
Registration Service

PERSONAL AND CONFIDENTIAL SUBJECT: Karl Alberga

Dear Ben:

We appreciate the information which you previously sent concerning the above named individual. The Confidential Record Sheet was very well completed and will enable us to identify Mr. Alberga should he attempt registration in some other location.

We would like to have statements from the parents or the youth member in order to substantiate our file. At the present time, all we have are our verbal conversations related to this action. I do not feel that they are very strong, should neither you or I be in our present jobs when any questions are asked several years from now.

Please see if you can get statements from the youth member or his parents to substantiate the charges which were placed. This material will be kept very confidential and no one else would have access to it. You could indicate this to the parents.

Thanks for your help.

Sincerely,

Paul Ernst, Director

Dear Ben:

This is a follow up to our conversation on November 2, concerning the above named individual. At that time, you indicated that more information would come to us and we are anxiously awaiting this material, so that we can build our confidential file.

Please complete the enclosed Confidential Record Sheet, so that we may be able to identify this individual. We would also like to have any statements or other material which would substantiate this report. If there is to be legal action, the outcome would be most helpful.
